TRAINING THAT DEVELOPS
REAL CAPABILITY

Lean Six Sigma Champion

LSS010

Lean Six Sigma Champion

Lean Six Sigma continues to be a success in delivering significant business improvements in both manufacturing and service industries and has become the process improvement methodology of choice for organisations that are serious about achieving world class performance in quality and customer satisfaction.

However, many of these same organisations have made costly mistakes during the initial implementation of their Lean Six Sigma Programme. This two day programme will provide senior management with the **knowledge and know how** to implement a Lean Six Sigma programme roll-out successfully and avoid costly implementation errors. It will also provide managers with the skills necessary to **Identify, Prioritise and Mentor Lean Six Sigma projects** to success.

Duration & Price

Duration: 2 days
Delivery mode: This programme is available In-Company
