TRAINING THAT DEVELOPS *REAL* CAPABILITY

Internal Auditing - Integrated Management Systems (ISO 9001, ISO 14001 and ISO 45001)

MS003

Internal Auditing – Integrated Management Systems (ISO 9001, ISO 14001 and ISO 45001)

ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018 require that an organisation conduct internal audits to determine the effectiveness of its quality, environmental and health and safety system. Trained auditors must carry out these audits.

Thousands of audits are performed each year providing little internal business benefit. This course focuses on auditing for real improvement rather than just compliance.

This 2-day course is designed for personnel who wish to gain an understanding of ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018 and to develop the skills necessary to become an auditor of an integrated management system.

Duration & Price

Duration: 2 days
Public Virtual Training: £445
Delivery mode: This programme is available In-Company, and via Public Virtual Training
