REAL CAPABILITY

**ISO 9001:2015 Refresher Internal
Auditor (QMS)**

Q009

ISO 9001:2015 Refresher Internal Auditor (QMS)

The ISO 9000 series of standards require that an organisation conduct internal quality audits to determine the effectiveness of its quality system. Auditors carrying out these internal audits need to understand the purpose of ISO 9001 and the process approach to auditing to enable them to add-value during the audit process.

Thousands of internal audits are performed each year providing little internal business benefit. This course focuses on auditing ISO 9001 for real quality improvement and performance rather than just compliance.

This one-day course provides refresher training in the skills necessary to be an effective internal QMS auditor.
